

Contents

1	Introduction.....	1
	Zinta Zommers and Ashbindu Singh	
2	The Impact of Climate Change on Natural Disasters.....	21
	Sandra Banholzer, James Kossin, and Simon Donner	
3	Challenges in Early Warning of the Persistent and Widespread Winter Fog Over the Indo-Gangetic Plains: A Satellite Perspective	51
	Ritesh Gautam	
4	Assessing Human Vulnerability to Climate Change from an Evolutionary Perspective	63
	J.Ryan Hogarth, Donovan Campbell, and Johanna Wandel	
5	Early Warning Systems Defined	89
	Ilan Kelman and Michael H. Glantz	
6	The State of Early Warning Systems	109
	Veronica Francesca Grasso	
7	Climate Change and Early Warning Systems for Wildland Fire	127
	William J. de Groot and Michael D. Flannigan	
8	Climate Change Implications and Use of Early Warning Systems for Global Dust Storms	153
	Lindsey M. Harriman	
9	Applications of Medium Range Probabilistic Flood Forecast for Societal Benefits: Lessons Learned from Bangladesh	167
	S.H.M. Fakhruddin	
10	Flood Forecasting and Early Warning: An Example from the UK Environment Agency.....	185
	Janak Pathak and Richard Eastaff	

11	The Evolution of Kenya's Drought Management System.....	209
	James Oduor, Jeremy Swift, and Izzy Birch	
12	Understanding the Warning Process Through the Lens of Practice: Emancipation as a Condition of Action. Some Lessons from France.....	223
	Laurence Créton-Cazanave	
13	The Effect of Early Flood Warnings on Mitigation and Recovery During the 2010 Pakistan Floods	249
	Ginger Turner, Farah Said, Uzma Afzal, and Karen Campbell	
14	Disasters Are Gendered: What's New?	265
	Joni Seager	
15	The Ethics of Early Warning Systems for Climate Change	283
	Kerry Bowman, Jeffrey Rice, and Alan Warner	
16	Decadal Warning Systems	305
	Doug Smith	
17	The Role of Scientific Modelling and Insurance in Providing Innovative Solutions for Managing the Risk of Natural Disasters	325
	Patrick McSharry	
18	"Follow the Spiders": Ecosystems as Early Warnings.....	339
	Zinta Zommers	
19	Natural Hazards and Climate Change in Kenya: Minimizing the Impacts on Vulnerable Communities Through Early Warning Systems	355
	Nilmi Senaratna, Marie-Ange Baudoin, Alice A. Oluoko-Odingo, Linda Ajuang, Daniel W. Wepukhulu, and Ayub S. Mwadali	
	Epilogue	377
	Index	3
